

ADD YOUR CHURCH 2022

National Churches Trust

Advice on submitting information about your church for our website.

General advice:

Remember that we will use this page to encourage people to engage with you and visit your church. Try to write in a friendly way which engages people, perhaps imagine that they are standing in front of you rather than reading from a screen. Most people can't process a list of names and dates, but do love stories about people and places. Try to bring that into your description.

Questions on the form

- 1 Name of your church
Try and keep it to the simple form. For example; St Mary and not St Mary's.
- 2 Your town / village
Choose the town or village your church is most closely associated with. If this is an area of a town or city please include it.
- 3 Summary
*One sentence.
Try and write in a way to entice people to want to learn more.
This text will be shown on the map listings as well as on the church page, so please keep it to one sentence or we will need to reduce it.*
- 4 Full description
*Maximum 350 words.
This should be a description of the church and what to see. Try and write to entice people to want to learn more, make it interesting and engaging.*
- 5 Opening times
*This box is for opening times outside worship, or other access information (like where a key is held or to contact you for visit). They can be written in any format, please try and keep it simple for visitors to understand.
You can add service times in regular events further down the form.*
- 6 Address of your church
This should be the address of the church building, not the mailing address. It's so that visitors can find you, so including a postcode is essential.
- 7 Directions
You might want to add directions from a major road, or if there are specific things to consider when travelling. You could also include public transport details.

This field is not required.

8 Features

*These appear as tags on your page and a search option in the map.
Tick as many as appropriate.*

9 Facilities

*These appear as tags on your page and a search option in the map.
Tick as many as appropriate.*

Images

Unfortunately we have experienced some issues with images being uploaded to the site which do not have licences for use attached.

If you have images you would specifically like us to use, and you have the appropriate license to share them please email us at explorechurches@nationalchurchestrust.org

For each image, please confirm:

- that we have permission to use it
 - tell us who took it
 - tell us what the credit should be (usually the name of the photographer).
